B. *Receive and Place on File-FY2022 CCGISC External Audit*

MOTION by Mr. Toalson to approve the IDOT data; seconded by Mr. Ritzman. Upon roll call vote, the **MOTION CARRIED** unanimously.

B. *GIS Director's Report*

1. Work Plan Status Report

The work plan and report document are provided for reference. Any changes are noted in **bold** font.

2. Ortho-imagery

Ms. Brehob-Riley stated all deliverables were received. The TIF tiles and compressed mosaics were provided to agencies via a download link or hard drive. An email to download the supplemental deliverables, reports, and the compressed jpeg image tiles will be forthcoming.

Ms. Brehob-Riley indicated the project went well overall. There were issues with building lean and shadow elimination in the urbanized area. Additional acquisition conditions and restrictions will be added to the RFP for the next ortho-acquisition project.

3. CCGIS Technical Representative Projects

CCGIS is currently working on two projects initiated at the last Technical Representatives meeting – the Property Land Use Code and Street Jurisdiction projects. Both these projects require member agency input and review. Ms. Brehob-Riley will provide updates to the Technical Representatives as necessary.

4. Vermilion County

Vermilion County NG-911 received approval for CCGISC to assist them with their Next Generation-911 (NG-911) responsibilities. As previously discussed, this will involve some work upfront, but once the initial work is complete, the on-going impact will be minimal.

5. Move to County Plaza

Ms. Brehob-Riley is not clear when the CCGISC offices will move to the County Plaza. However, she plans to tour the new space next week.

6. Recorder's Fee

The County contributes approximately half of the CCGISC member funding utilizing the GIS Recorder's fee as established by State Statute. The current GIS Recorder's fee is \$15.00, with \$1.00 going directly to the Recorder and \$14.00 going to the County's GIS Fund. Annual revenues are tied to the number of recorded documents which varies based on economic factors. To date, the outgoing expenditures in the GIS Fund are exceeding incoming revenues. The County plans to complete an internal cost analysis study to evaluate the existing \$15.00 fee. Study findings will be discussed/presented to the County Finance Committee in the next couple of months. Ms. Brehob-Riley will report back the outcome of the County Finance Committee discussions.

MOTION to accept and place the GIS Director's Report on file was made by Mr. McCoy and seconded by Mr. Kupferschmid. Upon voice vote, the **MOTION CARRIED** unanimously.

Seeing there was no other business, Ms. Heckman adjourned the meeting at 11:32 a.m.
